PREFACE.

We take pleasure in presenting the Eleventh Number of the New Bedford City Directory to the Public. No expense has been spared to furnish such a book as would be a credit to ourselves as well as to the City.

The City has been thoroughly canvassed by competent agents, and the book is compiled on an improved plan, which cannot fail to find favor with all those who may have occasion to use it.

A complete Business Directory has been added in this volume, which embraces all classes of business, alphabetically arranged under appropriate headings. Especial pains has also been taken with the City and County Register to give a complete list of Churches, Societies, Incorporated Companies, with their principal officers, etc.

The size of the book has been increased from a 12mo to an octavo, and it is printed with new type, on extra paper, and bound in a handsome and substantial manner, and we do not hesitate to say it cannot be excelled for style and correctness by any city directory in the country.

We would especially call attention to our Advertising Department. It contains the business cards of most of the first-class merchants and manufacturers, who are always foremost in sustaining every enterprise which has for its object the improvement and welfare of the Whaling City.

The following figures show the large increase of names over those in the previous volume, which is owing, not to any increase in population, but entirely to the systematic and thorough canvass which has been made.

Names in Directory of 1867, ...	7,690
" " " " 1864, ...	5,572
Increase, ...	2,119

Many thanks are due to all who have aided us in any way in our arduous duties, and especially to the numerous patrons of the work.

Respectfully,

DUDLEY & GREENOUGH.

NEW BEDFORD, MASS.

STREETS, COURTS, AND AVENUES.

THE streets of New Bedford, with a very few exceptions, are laid out north and south and east and west, intersecting each other at right angles, or nearly so. Those running north and south are numbered commencing at Union Street, and increasing each way, with the even numbers on the east and the odd numbers on the west side. Those running east and west are numbered, commencing at the river and increasing westerly, with the even numbers on the south, and the odd numbers on the north side. Any departure from this rule will be noted in the following list.

The letters enclosed by brackets, which follow the names of any street, signify the general bearing of such street from the City Hall. Thus, School Street [S.], is *south* from the City Hall.

Acushnet Avenue, [N.] from the railroad crossing at B. Rodman's farm north to Acushnet Village.

Allen street, [S. W.] from County street west, and nearly in line with Wing and Howland streets. Numbers commence at County street.

Allen's Mill Road, [N. W.] leading from Perry's Corner to "Allen's Mill" in Dartmouth.

Anthony street, [S. W.] second street west of County, extending south from Grove to Bedford streets.

Ark Lane, [E.] from North Second to river east.

Arnold street, [S. W.] from County west, between School and Walnut street. Numbers commence at County.

Ash street, [N. W.] from Hawthorn to Parker, open from Kempton to Elm, being the sixth street west of County.

Ashley street, west from County to east side of Ashland.

Atlantic street, [N. W.] from Arnold street south, next west to Emerson street.

Austin leads from Purchase, west to County.

Bassett Place, [N. W.] opposite "Oak Grove Cemetery," north.

Bedford street, [S.] from Third street west across Court street to the mill pond. Numbers commence at Third.

Belville Road, [N.] leading from McPherson's wharf at Belville to the stone bridge at Acushnet Village.

WARD No. 2. The south line of Ward One makes the north line of Ward Two. The south line of this ward commences at river, runs through North street to Cypress, through Cypress to Kempton, through Kempton to the Dartmouth line.

WARD No. 3. The south line of Ward Two makes the north line of Ward Three. The south line of this ward commences at the river, runs through Ark Lane to North Second street, through North Second to Elm, through Elm to County, through County to Middle, and through Middle to the Dartmouth line.

WARD No. 4. The south line of Ward Three makes the north line of Ward Four. The south line of Ward Four begins at the river, runs through School street to Fourth, through Fourth to Spring, through Spring to County, through County to Arnold, through Arnold street to the Dartmouth line. Pope's Island and Fish Island are included in this ward.

WARD No. 5. The south line of Ward Four makes the north line of this ward. The south line of Ward Five begins at the river, runs through Griffin street to Third, through Third to Bedford, through Bedford to contemplated Green (west of the house of Samuel Bonney), through Green to Allen, and through Allen to the Dartmouth line.

WARD No. 6. This Ward embraces all that part of the City south of Ward Five.

Localities of Interest in and about the City.

ACUSHNET. That is a village usually known as the Head of the River, about three and a half miles in a northerly direction from the City Hall. The westerly part is in New Bedford and the easterly part in Fairhaven, divided by the Acushnet river. The parts are united by a stone bridge. Pine Grove Cemetery is near the village.

ACUSHNET HEIGHTS. That portion of our territory known by this name is in the north-west part of the city, commencing at the head of Willis street. Here are some of the most beautiful private residences of our city; and the view, which includes the river, the harbor, the bay, and adjoining shores, villages and islands, is one of the finest in the country.

BELVILLE. This name was many years ago, given to a spot on the bank of the Acushnet River, about one mile south of Acushnet Village.

CANNONVILLE. A portion of the westerly part of the city, in the neighborhood of the meeting-house on the Smith Mills road, is known by this name, thus called in honor of one of

our citizens whose labors in behalf of the people there will long be remembered.

City Common. This beautiful spot is in the north part of the city, and is bounded by County, Purchase, Pope and Pearl streets. A very handsome monument to the Soldiers and Sailors who lost their lives during the war has lately been erected by the city, at a cost of about $13,000.

Clark's Point. This point forms the southerly part of the city. It has the waters of the river on the east and of Clark's Cove on the west. Its length is about two miles. At its southern extremity is a large tract of land belonging to the United States on the river side, at the extremity of the point, is a light-house, west of which the Government is erecting an extensive fortification. Around this point, a distance of about four and a half miles, is a road not surpassed, if equalled, by any public drive in this country. It commences at Cove street, near the Orphans' Home, and follows the shore from thence along the western, southern and eastern boundaries of the point, until it terminates in the street where it has its beginning. It is eighty feet wide, smooth and level, and in its course commands a series of views of surpassing loveliness and beauty. The cove, the bay and the river, the shores, the islands and ledges, the light-houses, steamers, and sailing craft of every description, the city on the one side, its sister town of Fairhaven on the other, the noble bridge between, and the forest-like show made by the shipping of both, constitute a series of pictures which renders a ride or a walk over this road most delightful and attractive. The City Farm and Almshouse is located on the Point.

Fish Island. This island, once but little more than a sand-bank, is now a place of a large business. The bridge from the city to Fairhaven passes over it. Several wharves, an extensive coal-yard, an oil-factory, a marine railway, and a boat manufactory, are connected with it.

Four Corners. The space formed by the intersection of Water and Union Streets. This has been a somewhat noted spot in our local history. Near this was erected the first village house, and it may still be regarded as a business centre. The Banks, Insurance Offices, Lawyers' Offices, &c., are nearly all in this vicinity.

Haskins' Corner, is about one mile north of Cannonville on the Noel Taber Road.

Pope's Island. This island derives its name from a family long known and respected among us. The bridge between the city and Fairhaven passes over it. It lies nearly in the centre of the river.

Palmer's Island, upon which the United States government has a light house, is at the mouth of the inner harbor. The main channel lies east of it. It affords a good protection from the high southerly winds. A house of entertainment is kept upon it.

PUBLIC CEMETERIES.

There are three public cemeteries in the city.

The Rural Cemetery is in the south part of the city, on the west side of Dartmouth street, about one mile from the City Hall.

The Oak Grove Cemetery is in the west part of the city, on the north side of Smith street, about one mile northwest of the City Hall.

The Pine Grove Cemetery is situated on the road leading to Tarkiln Hill, near Acushnet Village.

QUARANTINE.

Port Physician. — Charles L. Swasey. Office, 95½ Middle street.

The Quarantine Ground is bounded as follows: — Butler's flats on the south, the east shore of Clark's Point on the west, the Eleven Foot Bank on the north, and the Egg Islands on the east.
